

# **IMPORTANT ANNOUNCEMENT**

**Are you a private home owner or tenant and received a letter from Barnet Council regarding the cladding on your house and that it must be replaced at your own cost?**

We're holding a meeting for home owners to discuss the councils letter, plans and to formulate a rationale as to why the council should bear the responsibility to cover these expenses as the initial constructors of these residences.

## **Purpose of the meeting:**

- To create a space for home owners who have also received this letter to know they are not alone, we are not willing to pay and to be a part of the discussion
- To highlight wrongful facts and information quoted in the councils letter
- To share questions and answers we have already put forward to the council
- To discuss the reasons and facts as to why the council should cover these costs
- To discuss any additional questions we need to put forward to the council
- To formulate a 'next step' plan

**Join Us: 6pm**

**Sunday 17th March 2024**

The Scout & Guide Centre

Rectory Lane, Edgware, HA8 7LG

(please note there is minimal parking available, please use public transport if possible or park in Sainsbury's car park across the road (payable)).

# **You are not alone!**
